## (ELASTIC ADHESIVE BANDAGE)

Our non – sterile bandage is made of a woven fabric which has been spread evenly with an adhesive mass containing Zinc Oxide, which acts as an antiseptic, astringent and anti-inflammatory.

The fabric is clean & reasonably free from weaving defects & other impurities. It is one continuous length without joints and has fast edges.

### FEATURES :

- Elasticated : Comfort and freedom of movement
- Good Adhesion : Zinc Oxide based adhesive mass provides good adhesion with minimum residue. High twist cotton provides strength for dynamic strapping.
- Good Breathability: Porous construction & adhesive coating permits better skin breathing & allows moisture to pass through.
- Easy to unroll and easy to use.
